ROUNDED

Design Moom

Rounded и lo specchio da parete dal design unico e originale che sapra valorizzare le pareti di casa o di contesti lavorativi dal tocco raffinato. Frutto dell'estro creativo unico del design Moom, questo specchio da parete и realizzato in vetro fumй con cornice in bronzo spazzolato. Il concetto alla base di questo complemento d'arredo и di pensare agli specchi come gocce d'acqua che restano sospesi in una perfetta composizione. La forma и morbida, valorizzata dalla cornice laccata in finitura bronzo spazzolato, un elemento decorativo perfetto per arricchire la parete di un soggiorno o della camera da letto.

Rounded is the wall mirror with a unique and original design that will enhance the walls of your home or work contexts with a refined touch. The result of the unique creative flair of Moom design, this wall mirror is made of smoked glass with a brushed bronze frame. The concept behind this furnishing accessory is to think of mirrors as drops of water that remain suspended in a perfect composition. The shape is soft, enhanced by the lacquered frame in a brushed bronze finish, a perfect decorative element to enrich the wall of a living room or bedroom.

Bronzo spazzolato L07

Wall mirror in smoked glass with brushed bronze frame, wall fixing in various positions.

Brushed bronze L07

FINITURE/*FINISHES*

Attenzione: il prodotto finito può presentare delle lievi variazioni di colore rispetto ai campioni forniti dall'azienda. I colori visualizzati sono puramente indicativi e possono variare rispetto alla realtà. Rivolgersi ad EFORMA o al proprio rivenditore di fiducia per ricevere maggiori informazioni. EFORMA si riserva di apportare modifiche e/o migliorie di carattere tecnico ed estetico ai propri modelli e prodotti in qualsiasi momento e senza preavviso. / *Attention: the final product may show slight variations in colour compared to the samples supplied by the company. The colours displayed are indicative and can vary in reality. Please contact EFORMA or your preferred retailer for more information. EFORMA reserves the right to change and/or apply technical and esthetical improvements to its models and products at any time without any notice.*

Metallo/*Metal*

I metalli della nostra collezione vengono verniciati a polvere così da rivestire le nostre superfici a scopo decorativo e protettivo. Lo spessore finale della verniciatura a polveri, risulta particolarmente elevata contribuendo ad una serie di rilevanti vantaggi sul prodotto verniciato: resistenza meccanica, resistenza agli agenti corrosivi, scarsa infiammabilità, precisione nell'applicazione. Le verniciature a polveri utilizzate sono totalmente atossiche e prive di solventi, per questo motivo la verniciatura a polveri è una lavorazione ECO- FRIENDLY, a bassissimo impatto ambientale. Disponibile la versione cromata dove il metallo o l'alluminio vengono rivestiti di cromo, conferendogli così durezza, resistenza chimica e resistenza all'ossidazione. / *The metals in our collection are powder coated in order to coat our surfaces for decorative and protective purposes. The final thickness of the powder coating is particularly high contributing to a series of advantages for the painted product: mechanical resistance, resistance to corrosive agents, low flammability, precision in the application.The powder coatings used are non-toxic and solvent-free, for this reason powder coating is an ECO-FRIENDLY process, with a very low environmental impact. The chrome version is available where the metal or aluminum is coated with chrome, giving it hardness, chemical resistance and resistance to oxidation.*

S02 - Bronzo spazzolato vintage / *Brushed Bronze vintage*

Cristallo/*Glass*

I cristalli utilizzati da EFORMA vengono temprati come richiedono e prescrivono le norme antinfortunistiche. Le lastre di vetro colorato, soprattutto nelle superfici più ampie, possono presentare dei piccoli puntini che sono dovuti alle caratteristiche di lavorazione, ai processi di verniciatura ad alte temperature ed a reazioni naturali del cristallo. Tali irregolarità non possono in alcun modo essere considerati difetti ma naturali variazioni in un processo di lavorazione molto sofisticato e delicato. / *The glasses used by EFORMA are tempered as required and prescribed by accident prevention regulations. The sheets of colored glass, especially in larger surfaces, may have small dots that are due to the characteristics of its processing, of the painting process at high temperature and the natural reactions of the crystal. These irregularities can in no way be considered defects but natural variations in a very sophisticated and delicate process.*

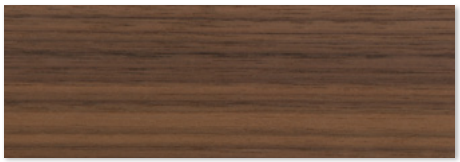
Legno/*Wood*

Il legno che viene utilizzato è tra i migliori che esistono sul mercato europeo. Viene lavorato con le migliori tecniche garantendo così resistenza e durata.
The wood which is used is one of the best available in European markets. It is worked with the best techniques guaranteeing resistance and durability.

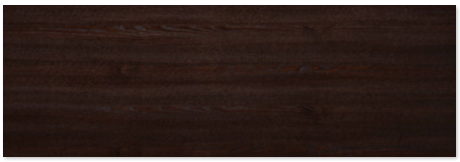
LEGNO IMPIALLACCIATO/*VENEERED WOOD*

I piani impiallacciati nelle varie essenze, sono accuratamente selezionati e aggiuntati utilizzando fogli rigati e fiammati. Piccole variazioni di colore testimoniano l'autenticità di ogni singola pianta. Sulla superficie vengono applicate vernici opache trasparenti. / *The veneered tops in their various essences, are carefully selected and added by using striped and flamed sheets. Small variations of color testify to the authenticity of each plant. Transparent opaque varnishes are applied to the surface.*



NC - Noce Canaletto / *Canaletto Walnut*

FNR - Frassino tinto Nero / *Black stained Ash*



FTM - Frassino tinto Testa di Moro / *Dark Brown stained Ash*

LEGNO MASSELLO/*SOLID WOOD*

Il legno utilizzato è un materiale di pregio che si caratterizza principalmente per la resistenza all'usura e per l'estetica. Durante il suo ciclo di crescita, sviluppo e maturazione, il legno si evolve nelle sue qualità come il cambio nel colore, nei nodi, e nelle vene. Essendo un materiale vivo, e naturale, può presentare delle variazioni di vene e di tonalità.
The wood used is a valuable material that is mainly characterized by its wear resistance and its aesthetics. During its cycle of growth, development and maturation, the wood's qualities. Evolve showing a change in color, in the knots, and in the veins. Being a living, natural material, it can present variations in veins and shades.
